

# CARLOS ALBERTO BELLAVITIS

BRAVOURE BLANCHE

My name is Carlos Alberto Bellavitis, I am 61 years old and I have bred the Dogo Argentino Breed since 1989. I have been breeding and selecting this wonderful Breed for 34 years without interruption.

Throughout all these years we have always worked looking for a well-conformed typical dog respecting the standard, maintaining its functional characteristics and taking care of its health. We have been bred for 11 generations with the Bravoure Blanche affix, we have achieved an infinity of Argentine champions, ranking winners and Dogos of the year. But without a doubt, the greatest knowledge that our dogs achieved was competing in World and European shows, having the record of breeding 11 world champions and 5 European champions.

I was appointed specialist judge in 2005. I had the honor of being invited to judge very important exhibitions in various parts of the world, France, Brazil, Serbia, Finland, Russia,

Spain, the AMDA World Exhibition in Argentina many times in different delegations around the world. country also in kennels in general championship shows, in October 2023 I am the judge of the AMDA world dog show to be held in Montenegro.
